

**Job Description**

**Senior Director Operations (m/f/d)**

## **1. Company**

On behalf of a leading global manufacturer of active and passive electronic components, we are looking to hire a Senior Director Operations Opto (m/f/d) for the headquarter of the business unit in Baden-Württemberg, Germany.

Our client is a globally active, dynamic high-tech company and one of the world's leading manufacturers of active and passive electronic components. With more than 25,000 employees in various German and worldwide subsidiaries, this company is also a leading supplier of standard- and specialty products. The business unit in Baden-Württemberg is a development- and production location of semiconductor wafers with around 400 employees.

## **2. Vacancy**

The **Senior Director Operations (m/f/d)** will be based in the headquarter of the business unit in Baden-Württemberg

## **Key responsibilities**

- As Leader, you will successfully implement the corporate policy at front-end and back-end locations of the Division with a total of approx. 1,800 employees worldwide
- Management of quality, efficiency, productivity, utilization and output in the factories
- Creation of budget and KPIs as well as regular reporting of deviations
- You will serve as contact person in case of escalations for internal and external stakeholders
- Designing and implementation of the long-term strategy
- Professional personnel management and development
- Site and cross-interface process optimization

## **3. Qualifications and requirements**

- Master of Engineering in Electronics, Physics or similar
- A minimum of 5 years management experience in operations with a proven leadership experience
- Frontend and Backend experience desired
- Very good knowledge of common quality systems and methods in the electronics industry, especially IATF16949, 8D, SPC, FMEA, DOE
- Knowledge of factory automation
- Solid user knowledge of problem-solving strategies such as Six Sigma
- Very good knowledge of economic key figures, in particular ROI calculation of investments and controlling of fixed and variable costs
- Fluent in German and English
- Willingness to go on frequent global business trips

#### **4. Others**

The candidate (m/f/d) agrees to keep all information confidential as part of the application process, especially address, position, company name and contact person of the customer of TW CONSULT.
